The benefits are WILD!

Perth Zoo – a true Western Australian icon

At over 119-years-old, Perth Zoo is a Western Australian icon set amongst lush gardens with over 2000 local and exotic animals. There is something for everyone. Safari through the African Savannah, delve through the Asian Rainforest, or go walkabout in the Australian Bushwalk.

Perth Zoo is also renowned as a great place to hold meetings and corporate functions, boasting unique facilities including a theatre, beautiful lawns, Japanese Garden, historic carousel, train, amphitheatre and seasonal marquee, along with award-winning catering.

With more than 650,000 visitors each year, Perth Zoo is the most popular capital city zoo (on a per capita basis) in Australia. Located in the heart of South Perth, Perth Zoo is an oasis just minutes from Perth City.

Perth Zoo is also a leading conservation organisation. Fundraising through Perth Zoo's 'Wildlife Conservation Action' program enables the Zoo and its conservation partners to support conservation projects protecting threatened wildlife, both at home and overseas.
